

**NOTICE 389 OF 2013****NATIONAL ENVIRONMENTAL MANAGEMENT: BIODIVERSITY ACT, 2004  
(ACT NO. 10 OF 2004)****PUBLICATION OF LISTS OF SPECIES THAT ARE THREATENED OR PROTECTED, ACTIVITIES THAT ARE  
PROHIBITED AND EXEMPTION FROM RESTRICTION**

I, Bomo Edith Edna Molewa, Minister of Water and Environmental Affairs, hereby give notice of my intention, under sections 56(1), 57(2) and 57(4)(a) read with section 63 and 100 of the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004), to publish lists of species that are threatened or in need of protection and activities that are prohibited; and to exempt persons from the restriction contemplated in section 57(1) set out in the Schedule hereto.

Members of the public are invited to submit to the Minister, within 60 (sixty) days after the publication of the notice in the *Gazette*, written comments or inputs to the following addresses:

By post to:     The Director-General:  
                  Department of Environmental Affairs  
                  Attention: Ms Magdel Boshoff  
                  Private Bag X 447  
                  Pretoria  
                  0001

By hand at:     2<sup>nd</sup> Floor (Reception), Fedsure Forum Building, 315 Pretorius Street, Pretoria, 0001.

By e-mail: [mboshoff@environment.gov.za](mailto:mboshoff@environment.gov.za) or by fax to: (012) 320 7026.

Comments received after the closing date may not be considered.

**BOMO EDITH EDNA MOLEWA**  
**MINISTER OF WATER AND ENVIRONMENTAL AFFAIRS**

## SCHEDULE

### 1. Definitions

In this Schedule and Appendix, unless the context indicates otherwise, a word or expression, to which a meaning has been assigned in National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004), has the same meaning, and—

**“angling”** means the catching of specimens of threatened or protected fish species in an aquatic system by means of a line and hook, whether or not any rod, bait or lure is used, or by means of a set line, and includes any such attempt or assistance;

**“artificially propagated”** means a listed threatened or protected plant species that is grown under controlled conditions; grown from seeds, cuttings, divisions, callus tissues or other plant tissues, spores or other propagules derived from cultivated parental stocks;

**“attract”** means to feed, chum or bait, or to use any other means, method or device to lure or attract a live specimen of a listed threatened or protected marine species;

**“Biodiversity Act”** means the National Environmental Management: Biodiversity Act, 2004 (Act No. 10 of 2004);

**“boat-based whale and dolphin watching”** means approaching whales and dolphins closer than 300 meters from a boat-based whale and dolphin watching vessel for commercial purposes;

**“captive breeding facility”** means a facility where a specimen of a listed threatened or protected animal species is bred in a controlled environment for conservation or commercial purposes;

**“catch or capture”** means to employ any means, method or device to gain control over, or to secure possession of, a specimen of a listed threatened or protected species, irrespective of whether such control or possession is intended to be temporary or permanent, and irrespective of whether such control or possession is with the intent to kill such specimen or not, but excludes angling;

**“chum”** means to attract a listed threatened or protected marine species by any means;

**“commercial exhibition facility”** means a facility, including but not limited to, a circus, zoological garden, aquarium and travelling exhibition, that keeps specimens of listed threatened or protected species for display or performance purposes, or for the purpose of facilitating interaction between humans and live specimens of such listed species;

**“conservation purposes”** means the purpose of carrying out the restricted activities is primarily aimed at ensuring the survival of the species in the wild in accordance with an approved conservation strategy, research program or a Biodiversity Management Plan, and may include the collection of specimens to establish re-introduction programs;

**“controlled environment”** means an enclosure designed to hold specimens of a listed threatened or protected species in a way that—

- (a) prevents them from escaping;
- (b) facilitates intensive human intervention or manipulation in the form of the provision of—
  - (i) food or water, or both;
  - (ii) artificial housing; or
  - (iii) health care; and
- (c) may facilitate the intensive breeding or propagation of a listed threatened or protected species,

but excludes fenced land on which self-sustaining wildlife populations of that species are managed in an extensive wildlife system;

**“educational display”** means the intention of the display is to educate, to instruct or to inform;

**“enforcement purposes”** means the purpose of carrying out the restricted activities is aimed at the process of enforcing the legal requirements of the Biodiversity Act and may include the confiscation, possession and movement of specimens by enforcement officials;

**“extensive wildlife system”** means a natural environment, irrespective of whether it is adequately enclosed or not, that is suitable and of sufficient size for the management of self-sustaining populations of listed threatened or protected species, where no or minimal human intervention is required in the form of—

- (a) the provision of water;
- (b) the supplementation of food, except in times of drought;
- (c) the control of parasites; or
- (d) the provision of health care;

**“feed”** means to supply food or other objects which will be perceived as food by listed threatened or protected marine species;

**“finished products”** means completely manufactured or processed goods or derivatives;

**“game farm”** means an extensive wildlife system on which specimens of a listed threatened or protected species occur;

**“habitat destruction”** means the alteration or modification of the habitat of a listed critically endangered species in any way, to the extent that specimens of such species are no longer capable of surviving in the altered or modified habitat;

**“scientific institution”** means—

- (a) an organ of state or non-governmental institution involved in research;
- (b) a research unit of a tertiary institution; or
- (c) a herbarium, museum or any other institution where specimens of a listed threatened or protected species are kept or used for research, scientific information or identification purposes;

**“scientific purposes”** means the purpose is directed towards the practice of science and includes research;

**“stranding”** means the running aground of listed threatened or protected marine species;

**“temporary holding facility”** means a facility equipped for the temporary keeping of live specimens of a listed threatened or protected species for—

- (a) rehabilitation purposes relating to the treatment and recovery of sick or injured specimens;
- (b) rearing purposes, in the case of young orphaned specimens;
- (c) quarantine purposes; or
- (d) translocation purposes;

with the overall intent to release;

**“translocation”** means the process of capturing a specimen of a listed threatened or protected animal species at a particular location, the conveying or transporting of such specimen and the release of the specimen in another location;

**“white shark cage diving”** means the attraction of a white shark by means of chumming, in order to observe a free-swimming white shark from within a protective cage submerged from a vessel or viewing such white shark from a vessel, for commercial purposes;

**“wildlife translocator”** means a person who translocates live specimens of listed threatened or protected animal species for commercial purposes on behalf of another person, and may include the purchasing, selling or temporary possession of such live specimens;

**“wild specimen”** means a specimen that is living, growing and multiplying in natural conditions, with or without human intervention.

## **2. List of species that are threatened and in need of national protection**

Column 1 in the Appendix contains the critically endangered, endangered, vulnerable and protected species listed in terms of section 56(1) of the Biodiversity Act.

## **3. Restricted Activities involving listed threatened or protected species**

- (a) The restricted activities in Column 2 in the Appendix are prohibited in terms of section 57(2) of the Biodiversity Act to the extent indicated therein; and
- (b) The restricted activities in Column 4 in the Appendix require a permit in terms of section 57(1) of the Biodiversity Act.

## **4. Exemptions**

All persons are exempted in terms of section 57(4) of the Biodiversity Act from the restriction contained in section 57(1) of the Biodiversity Act insofar the restriction relates to the restricted activities in Column 3 in the Appendix.

## APPENDIX

Column 1		Column 2	Column 3	Column 4
Species listed in terms of section 56(1)		Restricted activities Prohibited in terms of section 57(2)	Restricted activities Exempted in terms of section 57(4)	Restricted activities requiring a permit in terms of section 57(1)
Scientific name	Common name			
<b>CRITICALLY ENDANGERED SPECIES</b>
