Memorandum

Date of delivery: 26th June 2015 – Friday

**Presented To: Mayor – S. J. Lehare, MEC – Madoda Sambatha and
Premier – Supra Mahumapelo**

This Friday, 26th June 2015, united us behind the promise that:

“THE PEOPLE SHALL GOVERN”

Points in Preamble

1. The People of Moretele took recognition of this National Symbolic Day of the Freedom Charter to collectively deliver their voice to Moretele Local Municipality and the North West Provincial Government to make a call to leadership of government without any form of equivocation that Freedom of our people cannot be compromised by Anarchy-Syndicate Elite of Corrupt Individuals.
2. This Moretele Local Municipality pursuit many equivocations, vilifying and liquidating the reason of exist to become a vacuum in hope and deliver self – municipality to be useless.
3. Four Mayors in 14 years – all negated by corruptive administration and enrichment of poverty none of them able to convince Auditor General of recovery in financial turmoil.
4. Municipal Mangers and Chief Finance Officer with criminal administrative allegations hanging around their necks many of them qualified to run only Spaza Shops than being seen capable of running government.
5. These Moretele Local Municipality has become a syndicalism body house with its administration functioning 100 kilometers away from legal practice – very illegal in its endeavors.
6. Fraud and Corruption assembled in the municipality with direct and indirect Mayors and Councilors involvement to private business and procurement to the extent that Municipal Financial Management Act (MFMA) cannot be observed and as such because profit accumulative service delivery is directly compromised.

If NR Mandela, Walter Sisulu, John L Dube, Antonio Gramsci, Rosa Liebenberg, Dara Temane, Karl Marks, V. I. Lenin or Moses Kotane, were here today – they will be disappointed of the revolutionary insult of seeing the masses crying for freedom and being fought against.

This Memorandum is in echo sound of human rights entrenching the developmental inspiration and aspiration of the Residents of Moretele and Demand as follows:

Water: We demand water services effect, while we noted that:

1. Moretele Communities in all 56 Villages need immediate delivery of clean and hygienic water service basic service to all, No Water No Votes in 2016.
2. 14 years of Water Service Struggle cannot be extended further we have our children attending Schools, Pre-Schools and their Parents going to work having share 1 letter of water on a towel simply to disguise their cleanness while actual they could not wash because there is no water.
3. In Contradiction the Elite Mayor, Sello Jonas Lehare, awake swimming in water service in Pretoria Every Day, this is nonsense at best.
4. The Water Reticulation Infrastructure installed in Moretele Village all is dry and has become sleeping rooms of Rats and Snakes Millions of Tax Payers Money has been corruptly used.
5. You build Reservoir of R56 Million at Ngobi to date is dilapidated before life span of One Year, Reservoir of R38 Million in Makapanstad is now replaced with one of R60 Million but Water in all this Reservoirs is flowing on the ground. This is a sign of corruption and incompetency of Moretele Local Municipality.

Sanitation: We demand Water Bound Sanitation Services

1. Pit Toilet is an inherent apartheid and homeland service that has disrespected the dignity and integrity of our communities – why should Moretele Local Municipality deliver this poor and health hazard toilets – we demand full water bound sanitation facilities. No Sanitation Infrastructure – No Vote 2016.
2. Currently Moretele Local Municipality implement Bucket Toilets Services in Mathibestad, Makapanstad, Ga-Habedi to Lebotloane – this is nonsense – we demand the immediate stoppage of Bucket Toilets and Eradication of those corruptly build we were not consulted.

Internal Roads: We demand basic access pavement roads leading to Schools, Cemeteries and Village Shops

1. The currently internal roads project are not located to basic access points but to the satisfaction of the homes councilors, Mayor Sello Jonas Lehare and his elites.
2. We demand internal roads to resolve crisis of access in Mmakaunyana, Lebalangwe, Lebotloane, Phedile, Little, Ga-Habedi, Swartdam, Sutelong, Mogogelo, Dirtig, Dikgophaneng, Dikebu to Norokie, Lekgolo, Rabusula, Transactie, Ngobi, Ratsiepane, Mmotla, Kgomo-Kgomo, Ramaphosa and all surrounding villages like in Moeka Castle.
3. Generally we demand fairly consulted internal roads distribution in Moretele Villages.

B. E

Provincial Roads: Generally we have Moretele Stakeholders Agreement and MEC undertaking to deliver of this road we are stacked on contradictions and lies from Government.

(Moretele Provincial Roads D614, D639, Z619, P66/9, Z617, D608, Z614, D627, D620, and D602 – 125 Km Road Infrastructure of the Agreement as per below priorities):

Moretele Local Municipality

1. It is nonsensical that the Executive Council led by Mayor Sello Jonas Lehare disappears when they are supposed to stand firm with Moretele Stakeholder Organization on the Memorandum of Engagement we signed with the Municipality in March 2015.
2. We cannot allow sell-out governors – Moretele Municipality Leadership has played us nonsensical game of wait and sees but they want to latter claim development they have turned observers in a fight for.

PUBLIC WORKS MEC: Madoda Sambatha' Lies on Moretele Provincial Roads

- MEC (on electronic media) Said:

1. Project number NWTR 128/07 will commence in March 2015, in that you commit your head to be put on the block if the road does not commence – now where is your head put it on the block we are waiting because you can lie. What should we demand roads or your head on the block?

- MEC (in a meeting of the 14th April 2015 at Mafikeng) Said:

2. Project number NWTR 128/07 – National Treasury withheld the funds of the project as such your department and the Executive Council led by Premier Supra Mahumapelo is completing engagement with the National Treasury for the project on priority in Moretele to commence soon - referring to the following roads D614, D639, Z619, P66/9, Z617, D608, Z614, D627, D620 and D602. But to our surprise you could not say the same on the 18th June 2015 at Mafikeng why?

- MEC (in a meeting of the 18th June 2015 at Mafikeng) Said:

3. You thank the people of Moretele for being peaceful and just talking with government without actions of fight for their demand. In contrary you went on saying Moretele people there are people who were not as peaceful as you are as such we had to deliver their roads first and this is how your disciple and non-violent actions had compromised you, we can only tell you today that Department of Public Works in the North West does not have money for your roads – you will only concentrate on paying your indebted project – a nonsense we were made to travel to Mafikeng for – is the MEC saying to us be violent first you will get the road? Or is he giving us his head as promised to have roads construction now? Or what is he saying to us?

B. E

-
- Our question today (26th June 2015):
 - 4. MEC Madoda Sambatha why don't you save your useless energy and request Premier Mahumapelo that – please Premier – “I Madoda Sambatha request your reshuffle of the EXCO I cannot serve your EXCO anymore.”?

We therefore demand:

1. Immediate resignation of MEC Madoda Sambatha
2. When the Budget of Public Works Department was adopted by North West Government and delivered to legislature – Premier Supra Mahumapelo and MEC were all aware that Public Work is in crisis of R260 Million Corruption and debts, but in confusion they committed only R100 Million Budget.
3. This confusion is a clear elastration that when MEC was promising us the commencement of roads he was literally telling lies as MEC already knew that they have focused Moretele Roads Fund to Ganyesa Communities.

Corruption

1. Chief Finance Officer (Currently Deputy Chief Finance Officer) is still having corruption charges un-cleared with court order directing the continuity of the since 2010 and to this day rips wealth of administrative salary with no action taken, this must be put to conclusion without delay.
2. The Political Head of HR (Now Mayor of Moretele, Sello Jonas Lehari) failed to pay back money of his illegal trip to China which Auditor General has order he must pay that is outlined in Council Resolution 2007/2008. Mayor Lehari must pay back our money.
3. Moretele Development Agency (previously led by Mosire Tsiane – now Legal Advisor to the Premier) remains question marks as R2 Million cannot be accounted for.
4. R2 Million is still not accounted for on Kgomo – Kgomo Birds Century Project led by Company called Compliment owned by Semakeleng Tsiane – a family relative to the Premiers Legal Advisor.
5. Nkeletha Projects Company owned by the Cousin of Deputy CFO has not cleared the corruption of R180 000 of stationary funds.
6. Councilors continue to date to drive their private profit in business with Municipality.

B. E

Matters North West Premier should directly respond

We demand the following actions from you:

1. We demand service delivery Master Plan of Moretele that North West Province have that is proof opposing our call for Moretele integration to the City of Tshwane – we are not part of your plans why do you keep us – give our freedom to Tshwane.
2. MEC Madoda Sambatha has proven beyond reasonable doubts that he is lost in your way going forward give him rest and provide our roads Premier with effect because above all Madoda “Marxist – Leninist” Sambatha can lie, believe us Hon. Premier.
3. That inform President Jacob Zuma, of our memorandum to you in the fact that the people of Moretele say the Mayor S. J. Lehare has already relocated to the City of Tshwane we all want to go to Tshwane – Moretele must go to form part of the City of Tshwane effect 2016.
4. Inform North West Legislature that Lehare S. J. and Madoda Sambatha disappoints on everything of their responsibility or perhaps say the two are generally useless.
5. We further that Mr Jonas Sello Lehare remain at Moretele Local Municipality as a Mayor until he cleans the mess he created with his crew. If he can't run local municipality, how do you expect him to run provincial department.

a. Re – Demarcation of Moretele Local Municipality to be Integrated to the City of Tshwane

We demand that:

1. Moretele Local Municipality could not come out with their Master Plan of Service Delivery and Proof of Capacity that makes them think commit them to the existence of Moretele Local Municipality – Where is that Plan? You have proven without any form of equivocations that in 14 years of existence the municipality of this nature is useless particularly when employees are employed on private sex relationships not on fundamental skills, knowledge and qualifications. There is no administration here.
2. The administration qualifications of the municipal senior manager are just Party Membership when their junior are academically qualified than them – this is disaster we don't have municipality in this sense but only confusion so – we demand our integration to Tshwane.
3. We have confirm Moretele Revenue Statistics and came to conclusion that 90% of local community contribute to the Revenue of the City of Tshwane in that 90% of the working population of Moretele work in the City of Tshwane and that 90% of passenger transport in Moretele goes to the City of Tshwane with 99% of shopping for the people of Moretele can only be done in the City of Tshwane nowhere in the North West or in Moretele.
4. We are clear Siyaya e Pitoli – We are going to Pretoria – City of Tshwane by all means and by all forms of our ability.

B E

5. Speaker Lesetja Magongwa now is your time: Convene your Councilors to Council and Pronounce – Moretele is going to the City of Tshwane and give us Council Resolution Confirming the same within 7 days.

We give you 7 working days from date of this Memorandum – meeting us demand answers on or before the 10th July 2015.
