Short title and commencement

14. This Act is called the National Environmental Management Amendment Act, 2003, and takes effect on a date determined by the President by proclamation in the *Gazette*.

MEMORANDUM ON THE OBJECTS OF THE NATIONAL ENVIRONMENTAL MANAGEMENT AMENDMENT BILL, 2003

1. BACKGROUND AND OBJECTS OF BILL

The National Environmental Management Act, 1998 (NEMA) provides for co-operative environmental governance by establishing principles for decision making on matters affecting the environment, institutions that will promote co-operative governance and procedures for co-ordinating environmental functions exercised by organs of state. It is anticipated that three Bills (the specific environmental management Acts) will be introduced in Parliament during this Session. This Bill seeks to amend NEMA so as to provide for the administration and enforcement of those Acts.

2. ANCILLARY OBJECTS OF BILL

- The Bill also seeks to–
- * provide for the delegation of powers by the Minister, Director-General and the MECs for environmental affairs;
 - * provide for the designation of environmental management inspectors by the Minister or the MEC; and
 - * provide for matters of compliance and enforcement.

3. FINANCIAL IMPLICATIONS FOR STATE

Sufficient funds are available in the current budget for the additional staff required for the enforcement of specific environmental management Acts and for the appointment of environmental inspectors. A preliminary costing exercise was undertaken to ascertain where additional costs or expenditure would arise. The study is limited to additional costs associated with the implementation of the amendments to Chapter 9 of NEMA. Existing functions and costs that are already budgeted for are discounted. EIA functions as well as functions in terms of the Air Quality Management Draft Bill and other Draft Bills were also not included.

Using current salary scales as well as other costs relating to employees (e.g. office space, equipment and furniture requirements), it was possible to ascertain an approximation of the total costs that will be incurred as a result of the implementation of the NEMA Amendment Bill. The additional staff requirements (for the Department and for provincial environmental departments) are based on 10% of a top management post (deputy director-general); 20% of a senior management post (chief director); 1 full-time middle manager; 2 full-time senior specialists; 2 administrative staff members.

The results of the calculations indicate that the implementation of the Bill will cost DEAT an additional annual cost of R1 132 273. Implementation can be phased in over a 3-5 year period. Costs would be :

- Year 1 = R377 424,30
- Year 2 = R754 848,60 (amount in year 1x2)
- Year 3 = R1 132 273,00

It must be noted that the additional annual figure stabilises from Year 3. In essence, this means that the basic annual cost over the long term will stand at R1 132 273, which will be the total additional cost to the department irrespective of whether the phasing in or once-off approach is adopted.

The results of the calculations indicate that the implementation of the Bill will cost the nine provincial authorities an additional annual cost amounting to R9 090 765. This means that it will cost each provincial authority about R1 010 085 per annum. If the implementation of the functions were to be phased in over a period of three years, the figures for the provincial authorities together would be as follows:

All provincial authorities		Per provincial authority	
Year	Additional costs (R)	Year	Additional Costs (R)
1	3030225	1	336692
2	6060510	2	673390
3	9090765	3	1010085

The figure also stabilises from Year 3 onwards.

4. CONSULTATION

All relevant national and provincial departments were consulted and a draft bill was published for public comment in Government Gazette No. 24311 of 24 January 2003. Comments received have been incorporated in the Bill.

5. PARLIAMENTARY PROCEDURE

The State Law Advisers and the Department of Environmental Affairs and Tourism are of the opinion that the Bill must be dealt with in accordance with the Parliamentary procedure established by section 76 of the Constitution as it falls within a functional area listed under Schedule 4.
